

Azienda Certificata UNI EN ISO 9002 N. 4493

## Technical characteristics of the product

SPECIFICA N. 49

REV. N. 0

EMESSA IL 06/03/2003

SCHEDA N. 49 REV. N. 0

## >SAIFSEAL COAT QUARTZ

|                           |                                               |            |
|---------------------------|-----------------------------------------------|------------|
| Specific weight:          | <b>1,473 ± 1%</b>                             | UNI 8910   |
| pH:                       | <b>= &gt; 8,5</b>                             | UNI 8311   |
| Viscosity Brookfield :    | <b>45000 ± 10% cps S=5 Rpm=5 - 20 °C</b>      | UNI 8490   |
| Vapour permeability (sd): | <b>0,30 m</b>                                 | DIN 52 615 |
| Water absorption:         | <b>0,30 kg/m<sup>2</sup>. h<sup>0.5</sup></b> | DIN 52 617 |

Vapour permeability max. allowed limit 2 m DIN 52 615

Water absorption max. allowed limit 0.5 kg/m<sup>2</sup>. h<sup>0.5</sup> DIN 52 617
